Re: 099-12133-00043  
Amendment to CP 099-10311-00043

Dear Mr. Sobo:

AK Industries, Inc. was issued a permit on April 14, 1999 for a fiberglass parts manufacturing plant located at 2055 Pidco Drive, Plymouth, IN 46563. The permit was amended on March 20, 2000. A revision was requested by the Office of Legal Counsel on April 4, 2000. The request was made to change condition D.1.13 to conform to changes made in the previous amendment. The permit is hereby amended as follows:

D.1.13 Record Keeping Requirements

---

- (a) To document compliance with Condition D.1.2, the Permittee shall maintain records in accordance with (1) through ~~(4)~~ **(3)** below. Records maintained for (1) through ~~(4)~~ **(3)** shall be taken monthly and shall be complete and sufficient to establish compliance with the volatile organic HAP emission limit established in Condition D.1.2.
  - (1) The usage by weight and monomer content of each resin and gel coat. Records shall include purchase orders, invoices, and material safety data sheets (MSDS) necessary to verify the type and amount used;
  - (2) ~~A log of the dates of use;~~
  - ~~(3) —~~ Method of application and other emission reduction techniques for each resin and gel coat used;
  - ~~(4)~~**(3)** The calculated total volatile organic HAP emissions from resin and gel coat use for each month.
- (b) To document compliance with Conditions D.1.6 and D.1.9, the Permittee shall maintain a copy of the operator-training program, training records, and those additional inspections prescribed by the Preventive Maintenance Plan.
- (c) All records shall be maintained in accordance with Section C - General Record Keeping Requirements, of this permit.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management

- (b) Within eight (8) hours of the determination of failure, response steps according to the timetable described in the Compliance Response Plan shall be initiated, For any failure with corresponding response steps and timetable not described in the Compliance Response Plan, response steps shall be devised within eight (8) hours of discovery of the failure and shall include a timetable for completion.

## **Record Keeping and Reporting Requirements**

### **D.1.13 Record Keeping Requirements**

---

- (a) To document compliance with Condition D.1.2, the Permittee shall maintain records in accordance with (1) through (3) below. Records maintained for (1) through (3) shall be taken monthly and shall be complete and sufficient to establish compliance with the volatile organic HAP emission limit established in Condition D.1.2.
  - (1) The usage by weight and monomer content of each resin and gel coat. Records shall include purchase orders, invoices, and material safety data sheets (MSDS) necessary to verify the type and amount used;
  - (2) Method of application and other emission reduction techniques for each resin and gel coat used;
  - (3) The calculated total volatile organic HAP emissions from resin and gel coat use for each month.
- (b) To document compliance with Conditions D.1.6 and D.1.9, the Permittee shall maintain a copy of the operator-training program, training records, and those additional inspections prescribed by the Preventive Maintenance Plan.
- (c) All records shall be maintained in accordance with Section C - General Record Keeping Requirements, of this permit.

### **D.1.14 Reporting Requirements**

---

A quarterly summary of the information to document compliance with Condition D.1.2 shall be submitted to the addresses listed in Section C - General Reporting Requirements, of this permit, using the reporting forms located at the end of this permit, or their equivalent, within thirty (30) days after the end of the quarter being reported.
